Dear Mr. Heuer:

Thank you for providing Universal Environmental Consultants the opportunity to serve your environmental needs.

Enclosed are two copies of the 2020 AHERA inspection reports. One of these copies should be placed at the principal's office at each school.

The Designated person must review and complete the Record Keeping Form and ensure compliance for the following:

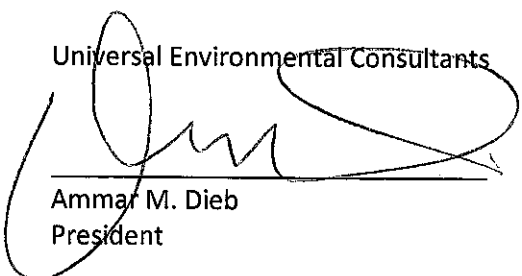

- Annual Notifications.
- Other LEA Requirements.

Enclosed also find a memo that would need to be posted annually in the school's web site.

Please feel free to call me if you have any questions.

Very truly yours,

Universal Environmental Consultants
