

## FROM THE EXECUTIVE DIRECTOR

September keeps us all looking forward to the exciting new year ahead. Students have returned to class, settled in, and are now in the full swing of the school year. For our families, these past weeks have been filled with four Back-to-School nights, the Parents Association Meeting, Senior Parent Night, the Board of Trustees Meeting, and the Back-to-School Picnic. Today we begin our first Professional Development session of the new school year. We are ready.

As the school continues to grow, so do the opportunities for students. Not only are we able to take more students from the wait list, we are also able to offer a greater variety of programming for all students. This year faculty and staff are looking forward to implementing the new English Language Arts curriculum *Wit and Wisdom* on Levels I and II. This curriculum was originally selected by Level I teacher Honora (Nora) Broderick and Sheina Prince. In just a few short weeks last spring, the excitement around this new program moved like lightening through the levels. As a faculty we have sought to improve academic preparedness not by just increasing rigor, but also by reducing academic barriers for our changing student population. This includes students with specific learning needs and students who are English Language Learners. We believe that *Wit and Wisdom* has been a good start toward reaching these goals.

There has been a definitive need for curriculum consistency. This need has been both between the levels and among the classrooms within those levels. Sheina and Nora discovered this curriculum because it is the ELA partner to the Eureka Math curriculum. Eureka Math was in its pilot year at SSCPS two years ago and fully implemented last year. Because results in learning and teaching have been so positive among teachers at Levels I and II, *Wit and Wisdom* became the next step forward. In June twelve language arts teachers travelled to Kentucky to attend professional development so that teachers would be able to begin implementation at the opening of this school year. In October faculty from Level I and II will be visiting an elementary school in Worcester to observe *Wit and Wisdom* in the classroom.

The timing for implementing the new curricula could not be better. In the spring of 2017 the Massachusetts Department of Elementary and Secondary Education released new curriculum frameworks for English Language Arts and Literacy and Mathematics. Part of the work of teachers is to take this new curriculum and align it to the new standards in the most effective way for our learners. This is how teachers design lessons. The best lessons are designed collaboratively so they can be implemented in harmony with one another. The new ELA curriculum, being theme-based, allows for this process to unfold in amazing ways. Unlike readers or anthologies, *Wit and Wisdom* is literature-based. Many of the literary texts have been used by our teachers in the past, some are familiar classics, others are newer literature being used so that students and teachers may explore these themes together.

As a K-12 school we are continually searching for ways to make the curriculum more cohesive so that each level provides students with the building blocks not only for that day, week, or year, but in the years

of learning to come. For example, in the Grade 4 Module 4 *Myth Making* students explore the origins of Greek mythology using such core texts as *Understanding Greek Myths* by Natalie Hyde and *Gifts from the Gods: Ancient Words and Wisdom* by Lisa Lunge-Larsen. Following a study of Greek myths, the unit delves into Native American mythology incorporating the literary text *Pushing Up the Sky* by Joseph Bruchac. The unit concludes with more contemporary literature *Walk Two Moons* by Sharon Creech. This study in Level II builds the foundation for a student's later work as they move up through the levels so that the students will be well-prepared when as high school students they come across the literary works of the contemporary Native American novelist Sherman Alexie and the Ancient Greek playwright Sophocles.

As with all change the new curriculum frameworks will present some challenges for our students and faculty. In response to these challenges we have increased the department level time in the professional development calendar for the upcoming school year. We are greatly looking forward to this journey and to the year ahead.

### **2017-2018 Pickup Procedures**

All of us share the common interest at dismissal time of getting all students safely and efficiently into their correct vehicles. Our first goal is safety. The second is an efficient system that treats everyone equitably. Following these procedures will help us maintain a positive school culture and neighborly relations with the other tenants of Assinippi Park. Please remember the following:

- The campus is closed to pick-up traffic before 3:00pm at both locations.
- Students in K-8 must be picked up at 100 Longwater Circle. Students residing in towns A-Q front door; students residing in towns R-W back door.
- Students in grades 9-12 should be picked up at 700 Longwater Drive unless they have a scheduled last period class at 100 Longwater.
- **Students may be picked up at the front or back doors only.** Other pick up points put student safety at risk. Pick up in other lots is trespassing. Please do not pick up your child in any neighboring parking lots.
- If you do not want to wait in line, you may find that planning to arrive between 3:15 and 3:25 works better for your family.
- **There is no cell phone use while driving on campus during arrival and dismissal.**
- To assist with traffic flow, please follow the traffic guard instructions as well as the lines and arrows painted on the pavement.
- **The speed limit on campus is five miles per hour.**
- All drivers are to stay in their cars and staff members will help your child get into the car.
- If your student or any student in your carpool is not present when you come to pick up that student, a staff member will ask you to pull into a designated waiting area to keep the line moving.
- Parents and guardians who are late to pick up their students must park and come to the front desk to sign out their child(ren).
- All high school students not picked up by 3:30 at the 700 Longwater campus will be escorted to 100 Longwater. There is no adult supervision.
- When an appointment requires an exact 3:00pm dismissal, we ask that you pick up your student at or before 2:30.
- Any person who does not cooperate with these procedures will be asked to meet with the Principals.
- SSCPS reserves the right to contact the local police and/or transport any student not picked up by 5:00pm, or any student left waiting for longer than half an hour following a school based event.

## Stop & Shop A+ Rewards Program

A Volunteer Opportunity for Parents & Students

Attention SSCPS Parents!

[stopandshop.com/aplus](http://stopandshop.com/aplus)

& Shop is running a school-fundraising program, A+ School Rewards, and we need YOUR help! Every time you shop at a participating Stop & Shop from October 6, 2017 through March 15, 2018 using your Stop & Shop Card, you will earn points towards our school, BUT you have to register your Stop & Shop Rewards cards between now and September 11, 2017. It costs you nothing, does NOT impact your store discounts or gas points.

### How it works

A+ School Rewards are points that supporters earn with each purchase using their Stop & Shop Card. At the end of each month, points are used to calculate our school's cash total. Anyone can support up to two schools to benefit from their A+ School Rewards.

### Community Service / Volunteer Opportunity

We need students to sign up to volunteer at one of the Stop & Shop stores to ask customers to participate by providing their Stop & Shop Card number. Students will approach customers outside the store on their own. A Parent coordinator will be on site at each event to help them get comfortable with talking points, coach them through the rejection and gratitude, and ensure students are writing neatly.
