October 25, 2017

Vol. 10, Issue 4

FROM THE 5-12 PRINCIPAL

Yesterday afternoon the stack of boxes containing last spring's MCAS results arrived in our building. The families of students who took those exams should expect to find these results in their mailboxes by the end of the week. This includes all students who were in grades 3-8, and 10 last year as well as high school students who took the science, technology, and engineering MCAS exam. The third through eighth grade students who took the English language arts and mathematics MCAS exams last year were the first to take the computer-based next-generation MCAS tests. This exam is substantially different from previous MCAS tests. The format, content, and scoring have all undergone significant changes. These changes do not apply to the high school level tests.

The score reports for the new MCAS will look different from what you are used to. The next-generation MCAS is a different test from the old MCAS, and the scores from the new tests cannot be compared to the old. To reflect this change, the Department of Elementary and Secondary Education has altered both the scoring scale and the scoring categories. The legacy MCAS was scored on a scale from 200-280. The new test is scored on a scale from 440-560. On the old MCAS scores were grouped into four scoring categories; Advanced, Proficient, Needs Improvement, and Warning/Failing. On the next-generation MCAS the scoring categories are labeled Exceeding Expectations, Meeting Expectations, Partially Meeting Expectations, and Not Meeting Expectations.

The next-generation MCAS is a more challenging exam than the legacy MCAS. This exam was designed to raise the bar for our students in an effort to create an exam that is aligned with expectations at the college level. The new standards for Meeting Expectations are more rigorous than the standards for reaching the Proficient level on the old MCAS. As a result, more students will fall in the Partially Meeting Expectations category on the new test than in the Needs Improvement category on the old MCAS. About half the students who took the next-generation MCAS last spring scored in the Partially Meeting or Not Meeting Expectations category.

Some things to keep in mind as you read the score reports:

- This is the first year of this new exam and this set of scores is setting the baseline for future years. Over time the percentage of students at the Meeting Expectations and Exceeding Expectations levels is expected to increase.
- There are no negative consequences for students in grades 3-8 as a result of these scores.
- The results of any assessment are a snapshot in time and are just one data point in looking at a student's overall academic picture. Standardized test scores need to be considered along with other indicators when making academic decisions.
- MCAS exams at the high school level will not be undergoing any change until 2019.

I realize that this is a great deal of information to process. The state has created a [parent guide](#) to help families navigate the new test. In addition, I will be hosting an informational meeting about the next-generation MCAS on Friday, November 3rd at 8:00am at 100 Longwater Circle. The purpose of the meeting is to help you understand your child's scores and to answer questions that you might have about the new test.

WHAT’S HAPPENING IN PROJECTS AND WORKSHOPS?

High School Store Workshop

The school store opened on October 2 and since then business has been booming. We have sold a wide range of snacks from gushers and fruit rollups to pirate's booty and sun chips. The students of SSCPS definitely love it based on how much business we've been getting. At the moment the School Store Workshop is planning for the big holidays such as Thanksgiving, Christmas, and Valentine’s Day. We’re working on bringing happiness through our selling of food and treats. The month of October was very successful for our Workshop and we’re just working on making it better for our school so, we’ll be writing a letter to the Board of Trustees to get the policy about the sale of candy on school grounds changed. The members of the School Store Workshop would just like to thank the entire student body for coming to the school store and making our first experience amazing and something to learn from.

Level III Child Development Project

Hello SSCPS families! This is the Child Development Project on Level III and we are having a Pajama Day at SSCPS! Grades K-8 and teachers are welcome to participate on October 31st. If you choose to donate please bring money to your Pod teachers. Suggested donation of .50 cents per student. Donations will go towards our babysitting certificates.

Thank you and we hope that you participate!

2017-2018 Pickup Procedures

All of us share the common interest at dismissal time of getting all students safely and efficiently into their correct vehicles. Our first goal is safety. The second is an efficient system that treats everyone equitably. Following these procedures will help us maintain a positive school culture and neighborly relations with the other tenants of Assinippi Park. Please remember the following:

- The campus is closed to pick-up traffic before 3:00pm at both locations.
- Students in K-8 must be picked up at 100 Longwater Circle. Students residing in towns A-Q front door; students residing in towns R-W back door.
- Students in grades 9-12 should be picked up at 700 Longwater Drive unless they have a scheduled last period class at 100 Longwater.
- **Students may be picked up at the front or back doors only.** Other pick up points put student safety at risk. Pick up in other lots is trespassing. Please do not pick up your child in any neighboring parking lots.
- If you do not want to wait in line, you may find that planning to arrive between 3:15 and 3:25 works better for your family.
- **There is no cell phone use while driving on campus during arrival and dismissal.**
- To assist with traffic flow, please follow the traffic guard instructions as well as the lines and arrows painted on the pavement.
- **The speed limit on campus is five miles per hour.**
- All drivers are to stay in their cars and staff members will help your child get into the car.
- If your student or any student in your carpool is not present when you come to pick up that student, a staff member will ask you to pull into a designated waiting area to keep the line moving.
- Parents and guardians who are late to pick up their students must park and come to the front desk to sign out their child(ren).
- All high school students not picked up by 3:30 at the 700 Longwater campus will be escorted to 100 Longwater. There is no adult supervision.
- When an appointment requires an exact 3:00pm dismissal, we ask that you pick up your student at or before 2:30.
- Any person who does not cooperate with these procedures will be asked to meet with the Principals.
- SSCPS reserves the right to contact the local police and/or transport any student not picked up by 5:00pm, or any student left waiting for longer than half an hour following a school based event.
