

## Weekly Update | January 20, 2021

Vol. 1, Issue 3

---

### A Message from Michelle

Greetings from High School Learning Services! The 2020-2021 school year has been all about resilience. Resilience is by definition “the capacity to recover quickly from difficulties; toughness.” To say our students, faculty, and staff have been resilient is an understatement. Each week we have all been faced with attending school amidst a pandemic, a volatile political landscape, a society struggling with a way to handle its social injustices, schedules that seem to change daily, not to mention whatever is happening personally in people’s lives! We all continue to get up each day and participate in school. We do it because education is worth it. My mother used to say to me, “They can take away everything from you, your freedom, your rights, but they can never take away your education”.

Resilience does not mean we do not struggle. It does not mean we somehow escape depression, anxiety, and fear. What it does mean is that we utilize coping strategies to overcome these struggles and find a way to get through the day-to-day. Students have not been getting a traditional education since March of last year, but they are learning to be resilient. They have learned to be resourceful and flexible. They have learned that they have to communicate in new ways to get the things they need or want. Our teachers have learned that with time they can learn to teach from anywhere. I do believe the students who are in school currently will be a generation of the most flexible, adaptable, and resourceful people we have ever seen. They will find a way to get things done, even when it’s hard to do so. This will forever be ingrained in them. This is what they are learning most of all and this is nearly impossible to teach in school, it must be something that is practiced repeatedly through experience.

In my high school vocational/transitions class we focus on trying to teach life skills such as self-awareness, self-advocacy, self-care, and even humor. Moving forward we will be using the backdrop of the shared experience of the pandemic and all its accompanying hardships to focus on highlighting the skill of resilience.

There are some great resources here at the “Bounce Back Project” if it is something you would like to investigate.

When you or your child are struggling to face all that life is throwing at the world currently, remember it’s ok if the online school wasn’t great today, or if you have had enough with social distancing. What matters is that you get up and try again tomorrow. Not giving up, over and over again builds resilience, and “resilience is the core strength you use to lift the load of life.” (Amit Sood, MD). If I was to add a line to a poem called [The Paradoxical Commandments by Dr. Kent M. Keith](#) poem, it would be “If you get up and try each day and feel like you’ve made no progress” “Keep trying anyway”.

Below is the entirety of Keith’s Poem. I hope it brings you some inspiration for the day.

Michelle Gallagher, M.Ed.  
High School Learning Services Coordinator

People are illogical, unreasonable, and self-centered.  
Love them anyway.

If you do good, people will accuse you of selfish ulterior motives.  
Do good anyway.

If you are successful, you will win false friends and true enemies.  
Succeed anyway.

The good you do today will be forgotten tomorrow.  
Do good anyway.

Honesty and frankness make you vulnerable.  
Be honest and frank anyway.

The biggest men and women with the biggest ideas can be shot down by the  
smallest men and women with the smallest minds.  
Think big anyway.

People favor underdogs but follow only top dogs.  
Fight for a few underdogs anyway.

What you spend years building may be destroyed overnight.  
Build anyway.

People really need help but may attack you if you do help them.  
Help people anyway.

Give the world the best you have and you’ll get kicked in the teeth.  
Give the world the best you have anyway.

by Dr. Kent M. Keith

# Important Notice for All High School Families

## High School Asynchronous Remote Learning Day

### Tuesday, January 26, 2021

---

Tuesday, January 26th will be an asynchronous remote learning day for all students in grades 9, 10, and 12. This means that those students will log in to their Advisory for attendance at 8:15 and then complete assignments from home through Google Classroom for the remainder of the school day. Teachers will not be conducting live Google Meet lessons or any in person lessons for students at the high school next Tuesday.

The remote learning day is in place to accommodate the administration of the PSAT for our Juniors. All eleventh-grade students, including our full remote learners, will report in person to take their PSAT exam.

Thank you for your flexibility. School day administration of the exam is incredibly important in this difficult testing year.

---

#### [Important Notice for SSCPS Families | The Rapid Antigen COVID-19 Diagnostic Test](#)

Thank you for your continued partnership during this unprecedented school year. In an effort to prevent the spread of COVID-19, we have been working closely with the Massachusetts Department of Elementary and Secondary Education (DESE) and the Massachusetts Department of Public Health (DPH) to offer free rapid COVID-19 testing for symptomatic staff and students participating in any type of in-person instruction.

The Health Office requires your permission to test your child should your child develop symptoms at school. While we have asked all students and staff who are sick to stay home, there may be members of our school community who **first present symptoms while in school**. Being able to test your child at school will not only expedite results and therefore help you determine next steps to protect your student and your family, but also provide some peace of mind that a test is available and can be delivered by a nurse if the need arises. The Rapid Antigen COVID-19 Diagnostic Test is FDA approved and delivers results in 15 minutes. Our school nursing staff has been thoroughly trained on how to administer the test using a nasal swab. The decision to administer the test will be made by the school nurse.

If your child develops symptoms at school, you will be called immediately. You will be asked over the phone if you would like to have a Rapid Antigen COVID-19 Diagnostic Test done. This test will only be administered when you arrive at the school to pick up your student. When you arrive you will call the front desk and let them know you are here. The nurse will then come out in full PPE (mask, gown, gloves, face shield) with your student. You will be directed to pull into a designated spot. At this time the student will sit inside the car, if younger they may sit on your lap. You will be asked to put the car window down. The test will be administered by placing a cotton swab into each nostril about 1 inch and moved in a circular motion. Then the cotton swab

will be brought inside where the rapid testing will be completed. At this time you are allowed to start driving home. The test takes 15 minutes to get a result. You will then be notified of the results by telephone and given instructions on further quarantine/isolation guidelines.

If the test results are positive:

- This is a presumed positive test result
- Helps you and us to start contact tracing/notification immediately
- 14 days of quarantine is necessary to return to school

If the test results are negative:

- Your student will remain out of school until a negative PCR test is obtained
- 10 days of quarantine is complete
- Have a doctor note clearing them for school due to another diagnoses

The SSCPS Health Office will report all test results to DPH and positive test results to DESE's Rapid Response Help Unit.

This is a voluntary program and you can enter at any time. To give permission for your student to participate in the Rapid Antigen COVID-19 Diagnostic Test, including permitting the school to share the test result information with the Department of Public Health and Project Beacon (a third party non-profit organization contracted to compile consent for testing and to share test results), please follow the directions you will receive from Project Beacon after creating an account by using the following link:

<https://app.beacontesting.com/register/with-code?code=EKMBEX>

A paper permission form may be requested if you cannot access the online site.

At South Shore Charter Public School, we are extremely grateful to our committed staff and families that continue to show great flexibility and resilience as we navigate through this school year. It takes all of us working together to contain the spread of this virus.

If you have questions regarding the Rapid Antigen COVID-19 Diagnostic Test, please reach out to one of the nurses in the SSCPS Health Office.

Thank you,

Susan Dupras, RN [sdupras@sscps.org](mailto:sdupras@sscps.org)

Darcie Edwards, RN [dedwards@sscps.org](mailto:dedwards@sscps.org)

Barbara Folan, RN [bfolan@sscps.org](mailto:bfolan@sscps.org)

Jaime Kjølgaard, RN [jkjolgaard@sscps.org](mailto:jkjolgaard@sscps.org)

---

# IMPORTANT

## Weekly COVID-19 Health Report Update

---

The [Massachusetts Department of Public Health Weekly COVID-19 Report](#), including the city/town data and map, will be posted on Thursday evening. As we have seen over the past weeks, the number of COVID-19 cases statewide continues to trend upward. This week's report has again identified all 33 of our sending cities and towns (100 percent), as now in the red category. This means that over 25 percent of our sending districts have remained red for seven consecutive weeks and 100 percent of districts have remained red for two weeks.

The January 14 *Weekly COVID-19 Health Report* may be found [here](#).

The January 7 *Weekly COVID-19 Public Health Report* may be found [here](#).

The December 31 *Weekly COVID-19 Public Health Report* may be found [here](#).

The December 24 *Weekly COVID-19 Public Health Report* may be found [here](#).

On December 12, 2020 the SSCPS Board of Trustees voted to change the determining data indicators for building closure as recommended by the Massachusetts Department of Elementary and Secondary Education and both the Norwell and Weymouth Board of Health. This means that instead of using the regional calculation metrics found within the DPH Weekly COVID-19 Public Health Report, the school will be using COVID-19 positivity rates within the school as the basis for building closure. Should the school experience 3 confirmed positive cases of COVID-19 in a specific cohort or building over a rolling five school day period, the school may close classrooms and buildings to mitigate the spread of the virus. The change will be effective January 20, 2021. **The result of the December 12 vote is that hybrid and in-person learning resumed today, Wednesday, January 20, 2021.** Team A reported in-person. Team B remains remote until next week. Full remote learning remains an option for all families. Fridays remain full remote learning days for all students.

Now that we have reopened safely, we are asking all members of our school community to follow statewide guidelines so that we may remain open. This includes avoiding out-of-state travel, particularly traveling by airplane, train, or bus. If you must travel, please adhere to the state requirements of a 14 day quarantine. There is no test out option for in-person attendance.

Residents of Massachusetts are also being asked to avoid gatherings, including in-home gatherings, with anyone outside of your immediate family. To quote the Massachusetts Department of Public Health website, "Any time you gather with others outside of your household, you increase the risk of contracting or spreading illness. All residents are discouraged from gathering." Governor Baker's most recent order from December 23 may be found [here](#).

We are asking that all families fill out the daily questionnaire on School Pass and conduct daily temperature checks for each member of the household who will be attending school that day. If you need access to a thermometer, or forget to do a temperature check, please let the Health Office know so a nurse can conduct the temperature check on site. We would also like to remind families

that masks must be worn in school at all times and students must adhere to all distancing, health, and safety protocols. These protocols are outlined below in the COVID-19 FAQ Sheet.

We have will reopened with the Abbott BinaxNow testing program in place within our school. Information has been sent to all families and may be found above in today's Weekly Update.

Please notify the Health Office immediately should your child test positive for COVID-19. We have been extremely fortunate that families have been helpful and cooperative in keeping the school notified of positive cases within their household. These swift actions have allowed our Health Office to begin contact tracing and determine close contacts rapidly. Notification is an essential component of virus mitigation and we ask all members of our school community to continue to keep us informed of all cases, including our full remote population.

Thank you very much.

---

## From the Health Office

If your child has received the flu vaccine or other vaccines, please send a copy to the appropriate health office. Forms can be mailed, faxed or emailed to the appropriate nurse.

High school: [sdupras@sscps.org](mailto:sdupras@sscps.org) or [bfolan@sscps.org](mailto:bfolan@sscps.org)

K-8 school: [dedwards@sscps.org](mailto:dedwards@sscps.org) or [jkjelgaard@sscps.org](mailto:jkjelgaard@sscps.org)

Fax # 781-982-4201

---

SSCPS has an email address to use when your child will be absent. This email address should be used for both In-Person and Remote students. The email is sent to the Health Office as well as both Front Desks.

Email: [Attendance@sscps.org](mailto:Attendance@sscps.org)

Please include the following information:

- Your student's name and grade
- Reason for Absence
- Contact phone number

If the absence is due to illness the nurse will call you back and ask you questions about symptoms.

Please remember to check your child for COVID-19 symptoms including temperature before arriving at school or getting on the bus. Wellness checks should be completed on School Pass. If your child is absent with symptoms or has been tested, even if negative you must **notify the health office** before your child returns to school. Please use the **attendance email** that is found on the SSCPS website to report a student absence even if your child is not ill but will be working remotely that day. If it is not reported you will receive a phone call from the school regarding the your child's absence.

Visit the school's [Health Office](#) page for additional information.

## COVID-19 FAQ Sheet

---

The nursing team here at the South Shore Charter Public School Health Office has compiled this COVID-19 FAQ sheet to provide families with information pertaining to the ongoing COVID-19 pandemic and school-wide procedures.

*What are the symptoms of COVID-19?*

- Fever (100.0° Fahrenheit or higher), chills, or shaking chills
- Cough (not due to other know cause, such as chronic cough)
- Difficulty breathing or shortness of breath
- New loss of taste or smell
- Sore throat
- Headache, when in combination with other symptoms
- Muscle aches or body aches
- Nausea, vomiting, or diarrhea
- Fatigue, when in combination with other symptoms
- Nasal congestion or runny nose (not due to other known causes, such as allergies) when in combination with other symptoms

*What should I do every morning before my child goes to school?*

Perform a wellness check every morning before your student arrives at school. Please check temperatures and check to see if your student has any of the above mentioned symptoms. Please fill out the questionnaire on the School Pass app before sending your child to school.

*What happens if my student is sent home from school with COVID-like symptoms?*

If your child develops COVID-like symptoms at school they will be sent to the CARE room. They will be sent home and will not be able to return to school until they have a negative PCR COVID-19 test, a medical note clearing them to return, or your student will need to remain home for 10 days. Symptoms need to be resolved and

students will need to be fever free for 24 hours without fever reducing medication before they can return.

*What is the CARE room?*

The CARE room is a separate room where students with any COVID-like symptoms are brought until they are picked up from school. The CARE room is a separate room from the health office. The students will remain in the CARE room with a nurse until they leave school.

*If my child is sent home from school with COVID-like symptoms can their siblings be at school?*

No, if a student is sent home with COVID-like symptoms all siblings and household members will also be sent home and cannot return until the symptomatic child is cleared to return to school.

*My child has COVID-like symptoms and I am keeping them home, can I send my other children to school?*

No, all siblings and household members will need to remain out of school until the child with symptoms is cleared to return to school by a negative PCR COVID-19 test, a medical note clearing them to return, or all household members will need to stay home for 10 days.

*My child has COVID-like symptoms and I took them for a rapid antigen COVID-19 test that was negative, can they return to school?*

No, a rapid negative antigen COVID test is not accepted as a substitute for the PCR test due to a higher rate of incorrect test results. The student may not return to school until they have a negative PCR test.

*A household member has COVID-like symptoms, may my children go to school?*

No, the student must remain out of school until the household member has a negative PCR COVID-19 test or is medically cleared by a doctor stating that the symptoms are not due to COVID-19. No student can return to school if a household member has a pending COVID-19 test due to having COVID-like symptoms.

*Where can my child or household member get COVID-19 PCR testing?*

[Massachusetts COVID-19 Testing Sites](#)

[Mass.gov | Stop the Spread](#)

*What should I do if my student is positive for COVID-19?*

Please keep your student home and contact the school's Health Office immediately. The student will need to isolate for 14 days. The student will need to be cleared by the school Health Office before returning to in-person school and the student will need to have had a negative PCR COVID-19 test, or a doctor's note clearing them to return. They will also need to have resolved/improved symptoms and be fever free for 24 hours without fever reducing medication.

[Mass.gov | COVID-19 Isolation and Quarantine Information](#)

*Do I report my COVID-19 test results?*

Yes, both negative and positive test results should be reported to the appropriate Health Office.

*Do I need to report a positive COVID-19 test if my student is fully remote?*

Yes, the school is required to report all positive cases to DESE, even fully remote students.

*How do I contact the school if my student will be absent from school?*

Please use the email: [attendance@sscps.org](mailto:attendance@sscps.org) or contact the appropriate school health office. If your student has any COVID-like symptoms, please speak to the nurse directly.

HS: 781-982-4202 X 182 or email: [sdupras@sscps.org](mailto:sdupras@sscps.org) or [bfolan@sscps.org](mailto:bfolan@sscps.org)

K-8: 781-982-4202 x104 or email: [dedwards@sscps.org](mailto:dedwards@sscps.org) or [jkjelgaard@sscps.org](mailto:jkjelgaard@sscps.org)

*Why is it important for me to call my student's school nurse when they are home sick?*

Keeping communication with your child's school nurse about your student's illness allows for the nurses to track illnesses in the school community and to maximize the health and safety of all students and staff.

*What is a close contact?*

Per the CDC, a close contact is someone who has been within 6 feet of a person positive for COVID-19 for a total of 15 minutes in the previous 48 hours of the onset of symptoms or from a positive COVID-19 result of an asymptomatic person.

*What should I do if my student is a close contact to a person positive for COVID-19?*

If your student is a close contact to a positive person they will need to quarantine for 14 days from the date of exposure. It is recommended that they have a PCR COVID-19 test on day 5 of being exposed. Regardless of the results they will need to remain in quarantine for a full 14 days from the exposure.

*What should we do if a household member is a close contact?*

If a household member is a close contact to a person positive with COVID-19 and asymptomatic the student may remain in school. If the household member is symptomatic the student will need to remain home until the close contact has a negative PCR COVID-19 test. If the household member is positive, the student will need to quarantine for 14 days from the date of exposure or 48 hours prior from the date of the test if the person is asymptomatic.

*Can my student do remote learning if they are not able to be in person due to quarantining or having COVID-like symptoms?*

Yes, students are expected to continue remote learning while in quarantine or are unable to be in school due to the student or family members having COVID-like symptoms. Please reach out to your child's administrators and teachers.

***We are traveling to a high risk (red) state. Can my student return to in-person school if they have a negative COVID-19 test?***

**No, our school policy is that all students who have traveled to a state that Massachusetts has deemed as non low risk need to quarantine for 14 days starting the day after they return from traveling.**

**[Mass.gov | COVID-19 Travel Order](#)**

***What supplies does my child need from home for school?***

- Water bottle with straw
- 2 face masks
- Chromebook
- School bin (can stay at school for the week)
- Change of seasonal clothing (kids go outside for most weather for recess, mask breaks, snack and specialist classes)
- Warm clothing (students go outside for snack, mask breaks, lunch at the high school and specialist classes)

***Should my student bring warm clothing (jacket/hat/gloves) in the cold weather?***

**Yes, students at the high school have lunch outside in all weather conditions. Specialist classes and snack breaks are also held outside. Windows at 100 will be kept open to improve air ventilation. Students should bring warm clothing.**

***Why does my child have to wear a face mask?***

**Face masks are an important measure to take to reduce the spread of COVID-19. Face masks help reduce the spread by containing the infected person's respiratory droplets from traveling to other people.**

***What type of mask should my student wear to school?***

**All students and staff are required to wear a mask at school. Appropriate masks are two-ply face masks that stay up around the nose. Masks should be washed daily and students should have an extra mask in their bag. There are disposable masks available if one becomes dirty or breaks while at school. Gaiters, and bandanas, and masks with a valve are not acceptable for school.**

***What if my student is having difficulty wearing a mask at school?***

**Masks are required at school for all students and staff. Students will be given mask breaks during the day. If a student is not wearing their mask appropriately at the middle and high school students will be given a warning and a phone call home for the first offense. The second offense will result in the student being sent home.**

***How do I contact the school if I have questions about COVID-19 or need to report a positive case?***

**Should your child test positive for COVID-19, have symptoms, or if you have any questions, please contact the appropriate school health office and speak to one of our nurses directly.**

**High School: 781-982-4202 X 182 or email:**

## SSCPS Homeless Shelter Outreach

As we all know, because of COVID-19 times have been hard. If you would like to help others this winter check out the charities listed below.

\*only accepts new items

### Items needed:

- Winter gear (coats, hats, gloves, blankets, socks, scarfs...)
- Hygiene products (toiletries, feminine products...)
- Clothing (adult & childrens)
- Water/Food items
- Baby products
- Kitchen supplies
- Masks
- Books/Children's toys
- Monetary donations

### Shelters and Organizations:

- \*Carolina Hill Shelter: 728 Main St, Marshfield
  - (781) 837-1377
  - <http://www.carolinahill.org/donate.html>
- Father Bill's & MainSpring: 38 Broad St, Quincy/54 N Main St, Brockton
  - (617) 770-3314; <https://helpfbms.org/donate/>
- Conway House Shelter: 14 East Grove Street, Middleboro
  - (508) 946-8505; Mondays-Fridays 8am-5pm
- Rosie's Place: 889 Harrison Ave, Boston
  - (617) 442-9322; <http://rosiesplace.org/give>
- Dorchester Community Fridge: 1471 Dorchester Ave, Dorchester
  - Accepting all food donations, will take homemade meals as long as they're labeled with ingredients and date made
  - Instagram: @dotcommunityfridge
- Catie's Closet: 63 Sprague Street, Boston
  - <https://www.catiescloset.org/donate-items>

In order to keep track of all items donated from those a part of the SSCPS community, please send an email to [dominique\\_childs@student.sscps.org](mailto:dominique_childs@student.sscps.org) or [jhought101@student.sscps.org](mailto:jhought101@student.sscps.org) stating that you donated and which organization you donated to.

If you have any questions or would like more information please email either email listed above, Thank you!

---

## Travel Advisory

We would like to remind families of the health and safety guidelines put forward by Governor Baker and the Massachusetts Department of Public Health in the recently updated [COVID-19 Travel Order](#). The South Shore Charter Public School has enacted a strict travel protocol which requires that all students who return from traveling to high risk states or countries, or students who have been on a plane, must quarantine for fourteen (14) days. Students in grades 2-12 are expected to learn remotely during the 14-day quarantine period. Students in grades K-1 are expected to utilize their learning bins.

Our school policy regarding voluntary travel is stricter than the Massachusetts Travel Order. There is no exemption from quarantine if your child tests negative

**prior** to returning to Massachusetts. Because of the nature of COVID-19 transmission, and the chance of exposure within the 72-hour period prior to returning to Massachusetts, the school does not consider the described testing measure to be adequately preventative. A 14-day quarantine is required by our school's [Health Office](#).

Thank you for your understanding and cooperation.

---

## Housing Help

Paying rent or a mortgage can be especially challenging during a pandemic. The Massachusetts Department of Housing and Community Development has centralized information about resources for families struggling to make rent or mortgage payments due to COVID-19. If you or another family you know needs assistance, please go to [www.mass.gov/covidhousinghelp](http://www.mass.gov/covidhousinghelp) for more information.

---

## WiFi Assistance

Please use the buttons below for information regarding low cost internet services in your area.

### FROM THE YEARBOOK COMMITTEE

The 2021 yearbook is now in progress and all the memories of the 2021 school year will be published forever in print. To order online go to [www.coffeepond.com](http://www.coffeepond.com), to login use school password: bluejaguar. **Early ordering at discount price of 37.00 by Dec. 31st.** Parents may submit a special personalized page that will appear in the back of the book for their senior at

these rates: Full page \$150, 1/2 pg. \$75, 1/4 pg. \$50. Due date is March 30, 2021. Please email Christine at [cbodnar@sscps.org](mailto:cbodnar@sscps.org) with any questions.

---

**From the SSCPS Board of Trustees**  
**Call for Applications or Nominations to Serve on the Board of Trustees**

This June the terms of several members of the Board of Trustees will end. The Governance Sub-committee anticipates that there will be several openings for the three-year terms that will begin on July 1, 2021.

The Board is the governing body for SSCPS: it sets policy, creates committees, and acts as fiduciaries. As the governing body of the school, trustees play an important role in advancing the school and helping its administrators and teachers achieve the goals for our students.

Why apply (or nominate someone) to serve on the Board and what are the Board's needs and expectations? We are looking for candidates who

- are collaborative, active listeners, and problem-solvers
- are willing to contribute their time and share their expertise to help SSCPS achieve its academic, social, and emotional goals for all students and to secure adequate funding to accomplish them
- will work with other members of the BOT and the school to foster stronger ties with parents, businesses, non-profit foundations, and sending communities

**How do I apply (or nominate someone)?**

Application materials are available on the [SSCPS website](#).

**Questions regarding application materials**

Please contact Prue Goodale, Chair of the Governance Sub-committee at [pgoodale@board.sscps.org](mailto:pgoodale@board.sscps.org) if you have questions or need additional information

**Submit materials by email to [pgoodale@board.sscps.org](mailto:pgoodale@board.sscps.org)**
