

Gingerbread Men and Women Taking Over Level III!

Level III Student Council had a wonderful time organizing a door decorating contest with a gingerbread man theme. Students put their creativity to the test as they competed to come up with the most unique gingerbread door.

We were happy to welcome Level I's 'Kindness Club' to the level as they judged the contest. As part of their project's mission to spread kindness throughout the school, they taped special messages of kindness and encouragement onto each of the pod doors.

Thank you Tracey Peyton and Jenn Catto for the Kindness Club's participation and for the extra love they shared with our Level III students!

Jenna's Pod won the contest and enjoyed a special breakfast treat as their prize! We've been so thankful for all the fun memories we've shared as a level so far this year and look forward to more exciting times to come after break!"
