

Level III World Performance Project

Level III students from the World Performance Project recently went to a local Jamaican restaurant, *Flava Jamaica*. The project focuses on studying different countries and cultures around the world and recently, the students have been learning about the beautiful country of Jamaica. On the field trip students tasted authentic Jamaican food like Jerk chicken, pork, rice and beans, fried plantains and curry chicken. They enjoyed trying new foods and talking to the staff of *Flava Jamaica* about their Jamaican culture.
