

School Council
Meeting Minutes
December 7, 2016

Meeting commenced at 3:57 p.m.

1) Opinions of the expansion

- The council members discussed what they see as strengths and weaknesses in the different levels, and what kinds of challenges and successes their children are experiencing here.
- There was also a discussion about the culture this year in the school, particularly discussions about how things are going in the high school.
- The lack of the yearly “Big Picture” was discussed along with the reasons there are a lot of problems with traffic, both foot and automotive, and the safety of students going back and forth between buildings. Doing the Big Picture would require permission slips for every student to come to 100 for it.
- The issues involving not having a full-time nurse at the high school as well as privacy issues for students needing to phone her at 100 were discussed and how things are being worked out and this is an example of growing pains.

2) Next month’s meeting will be **Wednesday, January 11, 2017.**

Meeting adjourned at 4:40p.m.
